

GENERAL

So here we are again—already writing the February newsletter. It's time to start thinking about the spring and summer ahead. With the spring season just around the corner, it's time to get your boat ship shape. If you're not in to doing it yourself, give us a call. We've got great pricing on bottom jobs and detailing. Get her prettied up and running great so you don't miss one day of boating and fishing fun.

We've got some new faces here and ask for your patience as they learn the ropes. Many prayers to Hud and family as they work through his wife's illness. We were sorry to see him leave and the door here is always open.

By early spring, we will be making significant changes with our internet service. We are now partnering with Stratus Broadband. They are capable of providing better service both for boats in the yard and in the water. These changes will include upgrades to our infrastructure and will also change how we provide internet to our customers.

Miami Boat Show is February 11-15th at the Miami Beach Convention Center. If you're able to attend and see something you think we should carry—let us know.

HAPPY
VALENTINES DAY!!

SHIPS STORE

Looking for a special gift for your "mate"? Well we have just what you're looking for when it comes to boat and fishing lovers! From tackle and accessories to "boatique" (my spin on the word!) items—there is a large selection to choose from. We carry a wonderful assortment of really cool and unusual nautical nik-naks and décor, including bookends, hooks, garden décor and such. Decorating your Tiki Bar? We've got what you need. We also carry a vast selection of books for the boater/fisherman and check out our cookbooks. If we don't have what you're looking for, just ask, we can get it, competitively priced. We have a super selection of T-shirts. We've been told we have the best selection of nautical clothing around. We carry Salt Life, Hook & Tackle and Tormentor line of clothing. Can't decide? How about a gift certificate which can be redeemed on any of our services. If you need any help, please just ask us!!

SHIPS STORE CON'T

Repeat info but important: Cape Marina offers a special rate for diesel and gas to our **permanent** Dockage/In-Out customers. *The following policies do apply.* To receive the special rate you **must pay** (with cash, check or debit card—*no credit cards*) **at the time of fueling.** If you do not come to the store to pay when you are done fueling, it will be charged to your account at the full rate and will not be changed for any reason. Do not come in at the end of the day and expect the store clerks to change it, they can't. We have tried many times to change our policy so you can pay at the end of the day, however, we had too many customers who would not comply and consequently our fuel readings, etc, would not balance. Tickets were lost during the course of a busy day. **Your marina account must also be current** to receive the discount. Thank you for understanding our policy and as always we do appreciate your business.

FISHING

The cold weather has been dampening any fishing thus far but we'll keep you posted on what we hear. Just a reminder to help you know when to fish we carry monthly tide tables in the store for free. Let us know what's biting out there! We're considering our month long tournaments but haven't made any definite plans as of yet. Wishing you long fun filled boating and fishing days. :)
